

IT2162 UX Design Methods & Techniques

Assignment 2 – 70 marks (35%)

Submission Due: Week 7, 1 Dec (Sun), 2359

In the same team as Assignment 1, conduct user research according to your plan to uncover the needs of the different stakeholders/users of your project and propose a solution that will enhance user experience and improve sales.

SCOPE

Each team member will be responsible to:

- Create at least **ONE (1)** persona based on your group's user research
- Create a Customer Journey Map (CJM) for the persona
- Create a Service Blueprint (SB) for the persona
- Propose Features that would meet the needs of the persona
- Wireframes to illustrate the proposed features.

GROUP PRESENTATION IN WEEK 7

Each team will present to your tutor on the following:

- Research findings for each persona
- Proposed features with wireframes
- Proposed overall solution (show link to CJM and/or SB)

Recommended Presentation Outline

Group Slides

- Slide Cover
- Introduction
- Proposed Overall Solution

Individual Slides (max. 4 mins per team member)

- Persona description
- Persona's needs and pains (show evidence from CJM)
- Features to address persona's needs and pains (show wireframes)

BRIGHTSPACE SUBMISSION

One submission per team

- Naming of submission: Assign2_ModuleGroupNo_TeamLeaderName. Example:
Assign2_IT2161-01_RandyTan.pdf

Consolidation of all the below deliverables into a zipped folder.

** marks will be deducted for any unorganized submission and/or document without proper titles and labels. (<10% of total marks)*

Deliverables	Deadline
<u>Group Component</u> Presentation Slides • Slide Cover with Project Name, Team member names, admin no. and module group • Indicate on each slide who is the presenter.	1 December 2024 (Sunday), 2359
<u>Individual Component</u> Persona document Customer Journey Map Service Blueprint Wireframes	

MARKS ALLOCATION

Deliverables	Group Marks	Individual Marks
Persona		5
Customer Journey Map (AS-IS)		15
Service Blueprint (AS-IS)		15
Wireframes		10
Presentation	10	15
<i>* marks will be deducted for any unorganized submission and/or document without proper titles and labels. (<10% of total marks)</i>		
Total	10	60

Assessment Rubrics for Assignment 2 (70 marks)					
Persona (Ind: 5 marks)	No persona or persona is not unique (i.e. similar or overlapping with another teammate's persona)	No evidence to show that the persona is translated from the research data.	Defined but little evidence to show that it is supported by research data.	Clearly described and at least 50% of points are supported by research data.	Accurately reflects real user attributes and needs. Well defined and supported by essential and relevant research data.
	(0 – 1)	(>1 – 2)	(>2 – 3)	(>3 – 4)	(>4 – 5)

Customer Journey Map (Ind: 15 marks)					
(Ind: 5 marks)	Less than 25% of the essential elements of the journey map are present.	> 25% of the essential elements of the journey map are present.	>50% of the essential elements of the journey map are present.	>75% of the essential elements of the journey map are present.	All essential elements of the journey map are present, providing a comprehensive visualisation of a walkthrough of the persona's interactions. Clearly defined journey phases with no overlaps.
	(0 – 1)	(>1 – 2)	(>2 – 3)	(>3 – 4)	(>4 – 5)
(Ind: 5 marks)	There is no evidence to suggest that the mapped user activities/ thoughts, feelings are based on research.	There is scant evidence to suggest that the mapped user activities/ thoughts, feelings are based on research.	There is some evidence to suggest that the mapped user activities/ thoughts, feelings are based on research.	The mapped user activities, thoughts and feelings are mostly grounded on research.	Maps real user activities, thoughts and feelings that are fully grounded on research data collected.
	(0 – 1)	(>1 – 2)	(>2 – 3)	(>3 – 4)	(>4 – 5)
(Ind: 5 marks)	Unable to identify any pain points.	Able to identify some of the pain points experienced by users.	Able to identify most of pain points experienced by users.	Able to identify most of pain points experienced by users. Some attempt to translate the pain points to ideas.	Able to identify all the pain points experienced by users with context- specific details. Effectively translated the pain points to ideas.
	(0 – 1)	(>1 – 2)	(>2 – 3)	(>3 – 4)	(>4 – 5)

Service Blueprint (Ind: 15)

(Ind: 5 marks)	Less than 25% of the essential elements of the service blueprint are present.	> 25% of the essential elements of the service blueprint are present.	>50% of the essential elements of the service blueprint are present.	>75% of the essential elements of the service blueprint are present.	All essential elements of the service blueprint are present, providing a comprehensive visualisation of the relationships between services components.
	(0 – 1)	(>1 – 2)	(>2 – 3)	(>3 – 4)	(>4 – 5)
(Ind: 5 marks)	There is no evidence to suggest that the mapped elements are based on research.	There is scant evidence to suggest that the mapped elements are based on research.	There is some evidence to suggest that the mapped elements are based on research.	The mapped elements are mostly grounded on research.	The mapped elements are fully grounded on research data collected.
	(0 – 1)	(>1 – 2)	(>2 – 3)	(>3 – 4)	(>4 – 5)
(Ind: 5 marks)	Unable to identify any weaknesses/ opportunities for optimisation.	Able to identify some of the weaknesses/ opportunities for optimisation	Able to identify most of the weaknesses/ opportunities for optimisation	Able to identify most of the weaknesses/ opportunities for optimisation. Some attempt to translate the opportunities to ideas.	Able to identify all the pain points with context- specific details. Effectively translated the opportunities to ideas for service/process improvement for the business.
	(0 – 1)	(>1 – 2)	(>2 – 3)	(>3 – 4)	(>4 – 5)

Wireframes (Ind: 10 marks)

(Ind: 10 marks)	Missing essential elements, such as navigation, menus, header, footer, etc.	Contains only basic elements, such as navigation, menus, header, footer, etc. Does not showcase the functionalities of a vertical prototype.	Contains essential elements, such as navigation, menus, header, footer, titles, etc. Only partially showcase the features/functionality of a vertical prototype.	Contains essential elements of a vertical prototype. Mostly showcase the features/functionality of a vertical prototype.	Contains all essential elements of a vertical prototype. Effectively maps user needs to feature/content/functionality.
	(0 – 3)	(>3 - 5)	(>5 – 7)	(>7 – 8)	(>8 - 10)

Presentation (Ind: 15 marks, Grp: 10)

(Ind: 5 marks)	Did not offer any explanations on how the features addresses the persona's pain point.	Explanations on how the features addresses the persona's pain points are mostly unclear or inaccurate.	Able to briefly articulate how the features addresses the persona's pain points and improve user experience.	Able to accurately articulate how the proposed features addresses the persona's pain points and improve user experience.	Able to clearly and accurately articulate how the proposed features addresses the persona's pain points and improve user experience.
	(0 – 1)	(>1 – 2)	(>2 – 3)	(>3 – 4)	(>4 – 5)
(Ind: 5 marks)	There is no elaboration on the key functionalities	There is little elaboration on the key functionalities	There is some elaboration on the key functionalities	Good use of appropriate visuals to elaborate the effectiveness of key functionalities	Excellent use of appropriate visuals to highlight and fully elaborate the effectiveness of key functionalities.
	(0 – 1)	(>1 – 2)	(>2 – 3)	(>3 – 4)	(>4 – 5)

(Ind: 5 marks)	The presentation is organised in a haphazard manner	The presentation is organised in a sequence that could be improved. Poor use of graphics and visuals	The presentation is organised in a sequence that could be improved. Rudimentary use of graphics and visuals.	The presentation is organised in a logical sequence. Good use of visual to support	The presentation is organised in a logical sequence. Excellent use of visual to support presentation.
	(0 – 1)	(>1 – 2)	(>2 – 3)	(>3 – 4)	(>4 – 5)
Group Presentation (Grp: 10 marks)	Presentation content is incomplete with haphazard content. Poor teamwork and collaborative spirit Awkward pauses during transition between speakers	Presentation content shows little team effort with serious gap and/or major overlap in functionality and content. Acceptable teamwork and collaborative spirit No proper transition between speakers	Presentation content shows substantial team effort with obvious gap and/or overlap in functionality and content. Acceptable teamwork and collaborative spirit Choppy transition between speakers	Presentation content shows substantial team effort with little gap and overlap in functionality and content. Good teamwork and collaborative spirit Mechanical transition between speakers	Presentation content shows very substantial team effort to ensure no major gap or overlap in functionality and content. Strong teamwork and collaborative spirit Smooth transition between speakers
	(0 – 3)	(>3 - 5)	(>5 – 7)	(>7 – 8)	(>8 - 10)
